It has long been known that the agricultural conditions in Germany were of the gravest character. This official estimate is the lowest yet ventured.

U. S. DRAFTS ALL MILITIA AUG. 5

Illinois Guards Called to Federal Service on July 25.

Washington D C July 10—President Wilson issued a proclamation late Monday calling the entire national guard and the national guard reserve into the federal service.

The call is effective July 15 for eleven states including Michigan Wisconsin Minnesota and Iowa.

Troops of nineteen states including the Illinois division are called out July 25.

Seventeen states including Indiana are called out Aug 5.

LIABLE TO FOREIGN SERVICE

The president's proclamation also drafted into the military service of the United States as of and from Aug 5 all members of the national guard and reserve including those previously called into the federal service and now on guard duty.

All persons hereby drafted the proclamation says shall on and from Aug 5 stand discharged from the militia and be subject to the laws and regulations governing the regular army.

This is the main purpose of the draft to give the president power to send the national guard into foreign service.

DANGER OF AGGRESSION

The danger of aggression by a foreign enemy upon the territory of the United States and the necessity for proper protection against possible interference with the execution of the laws of the union by agents of the enemy were reasons advanced in the president's proclamation for calling out the guard. This was explained at the war department as legal phraseology and not as indicative of any new intention to retain the national guard at home to resist invasion or maintain order.

On the contrary the proclamation will be followed by an order assigning the guard divisions to camps in the south for intensive training in preparation for service on the fighting line in France.

The president's proclamation provides that all national guard officers not above the rank of colonel shall be appointed officers of the army of the United States in their present grades. The fact that brigadier and major generals were not included indicates that each general officer's case will be taken up separately.

ARRANGE TRANSPORTATION

Washington July 10—The federal [illegible] was today arranging for transportation of the National Guard which will be mobilized for active service August in accordance with a proclamation issued by President Wilson. The various state units will be organized into sixteen tactical divisions and assigned to camps for final training before being sent to France.

18,807 IN ILLINOIS

Springfield Ills July 10—Records in the office of Adjutant General Dickson show there were 18,807 men in the Illinois National Guard on June 30 for mobilization July 25 in response to the president's proclamation issued yesterday. This number [illegible] augmented slightly since [illegible] the plan of the war department according to General Dickson the number of guardsmen and regular army recruits will be deducted from state's quota fixed in the conscription draft.

The population of Illinois for army apportionment purposes has been placed at [illegible] each county and city being expected to furnish a stated number of troops. Exemption boards it is said will bear this in mind when excusing men from military service.

Whether Illinois troops now doing police duty will be called south to training camps on Aug 5 has not been made known to Adjutant General Dickson.

ASKS FACTS ABOUT CREEL

Senator Penrose Demands Inquiry on War News Censor

Washington D C July 10—Senator Penrose of Pennsylvania today introduced a resolution asking for investigation of the bureau of public information of which George Creel is the head.

Mr Penrose said he greatly desired to know about the striking fight in which United States naval forces routed a fleet of German submarines on their way to France with Pershing troops.

[illegible] Mr Penrose said [illegible] criticisms from all parts of the country of the activity of Mr Creel [illegible] particularly with reference to the [illegible] of his story about the alleged engagement of American destroyers with German submarines while convoying the American transports to France.

DESTROYED TWO GERMAN SEAPLANES

London July 10—The commodore at Lowestoft says an official statement report that yesterday the British armed trawler Iceland destroyed two enemy seaplanes and brought four prisoners into port.

Reichstag Leaders Confer to End German Crisis

Copenhagen, July 10—Although it is difficult to gain a clear impression of the political crisis in Germany from conflicting accounts in German papers and dispatches sent abroad Reichstag leaders were expected to be sitting this afternoon or evening in council upon a declaration of policy.

TO DECIDE ON HOLLWEG'S FATE

This according to some would decide the fate of Chancellor von Bethmann-Hollweg and the present governmental system while others declare it would end the whole crisis. The party leaders were concerned chiefly with the question of the chancellor's position.

Should the party leaders in conference wherein only radical socialist and conservatives were not represented reach an agreement the decisions will be presented according to the Vossische Zeitung in the form of having the chancellor the alternative of accepting them or facing rebellion in the Reichstag which will vote to adjourn if it finds co-operation with the chancellor impossible.

RADICALS UNDECIDED

The radical party according to the Vossische Zeitung is wavering on the question of forcing a change fearing that Dr von Bethmann Hollweg's successor if one were chosen might be worse than the present chancellor. The Hamburger Fremdenblatt which yesterday said that the entire Clerical party in the Reichstag with the exception of three members had voted to support the stand of Herr Erzberger now corrects its previous announcement regarding the Clericals vote, saying the party has taken no decision.

In pursuance of its policy of extending the influence of the German big business interests under Krupp leadership have purchased the radical Weser Zeitung one of the oldest Bremen newspapers and will make it, like the recently purchased Berlin Lokal Anzeiger an out and out Pan German and annexationist organ. The same company is reported to be negotiating for the purchase of a number of other prominent Liberal and Radical provincial papers.

DOUBTS REMOVAL OF HOLLWEG

Theodor Wolff, of the Berliner Tageblatt doubts whether Chancellor von Bethmann Hollweg will fall and whether anything beyond the usual compromise will emerge from the crisis.

Reports on the crisis are that Foreign Secretary Zimmermann retires with Admiral von Capelle who succeeded Admiral von Tirpitz as head of the ministry of marine and that Dr von Bethmann-Hollweg and Lieutenant General von Stein Prussian minister of war and state oppose vigorously the idea of peace without annexations and that General von Stein read a letter from Field Marshal Von Hindenburg to bolster up the submarine policy.

REPUBLIC TROOPS SURROUND PEKING

New Manchu Ruler Takes Refuge in Temple in Imperial City.

Washington July 10—General Chang Hsun leader of the attempt to restore the Manchu dynasty in China was reported by Minister Reinsch today to have withdrawn his troops into the imperial city and the Temple of Heaven the two most historic and beautiful sections of Peking.

TROOPS SURROUND CITY

Loyal troops of the republic surrounded the city and complete destruction of the monarchial movement is considered only a matter of a short time. Uninterrupted communication with Tien Tsin was restored July 8.

HOLD TEMPLES AS PAWN

Chang Hsun's choice of the imperial city and the Temple of Heaven as his place of refuge after his desperate project had been swamped by a wave of universal Republican opposition confirms the belief here that he intends to hold China's priceless edifices as a pawn for his own personal safety.

The Temple of Heaven a large enclosed space dotted with blue domed temples was the scene of the most sacred worshipping under the old imperial regime while the imperial city is filled with irreplaceable relics of old China.

Drop Bombs on Imperial Palace.

Peking July 10 (via Tien Tsin)—The western army under General Tsao Kun military governor of Chi Li is now within a few miles of the city while the forces of General Chian [illegible] Kwein are a few miles southeast of the capital. Heavy artillery fire can be heard in that direction. Troops from Kalgan a town in the province of Chi Li have been placed in position to cut off General Chang Hsun's retreat toward the northwest. Heavy engagements are expected.

Bombs were again dropped on the imperial palace by an airplane of the Republicans. Foreign reinforcements have arrived. Arrangements have been made whereby troop trains daily will be permitted between Peking and Tien Tsin each way subject to search.

OFFER $100,000 FOR CHANG HSUAN

Although there was much noise at the battle of Fang Kung and Republicans report the killing of 500 Imperialists and the wounding of numerous others foreign eye witnesses estimate total casualties at ten on each side. A reward of $100,000 has been placed on Chang Hsun dead or alive.

Tuan Chi Chui chief of Tuan Chi Jui leader of the Republican forces says there is no question of any compromise with Chang Hsun as the Republicans are determined finally to overthrow him.

Tuan Chi Jui interviewed at Tien Tsin is optimistic. He believes the imperialist movement will collapse in the next 24 hours. He received a telegram from Feng Kuo Chang announcing that he has assumed the temporary presidency. Negotiations are under way for the surrender of Chang Hsun's Sochow Fu forces. The co operation of the navy is being arranged.

WANTS HER HUSBAND SENT TO FRONT

Washington D C July 10—Get my husband for your army," wrote a South Dakota wife to the war department yesterday. "He'll probably claim exemption on account of a wife but he is no good and doesn't support me. In the army they'll make a man or a corpse of him."

Jerome, Ariz., Citizens Drive Undesirables Out of City.

Jerome, Ariz, July 10—Hundreds of miners and citizens some with rifles and others with pickhandles started at sunrise today to 'clean' the town of agitators whom they considered undesirable as the result of a strike called Friday by the metal miners' branch of the Industrial Workers of the World which members of the international union repudiated. No violence has been reported.

I W W'S LEAVE TOWN

Most of the Industrial Workers of the World apparently learned of the proposed organized drive and left town during the night. Those who remained suffered no resistance today and they were ordered aboard a special train, leaving soon for Jerome Junction.

TREATED LIKE CATTLE

Sixty seven I W W's finally were herded together by the citizens and miners. They were searched and loaded into cattle cars guarded by fifty armed men. The train then was started for Jerome Junction twenty-seven miles away where it was intended to unload the prisoners. Jerome Junction is on the main line of the Santa Fe from Phoenix. Only two revolvers were found on the deported men.

GUARDS KILLED 2 NEGROES IN RIOT

Testimony at Inquest Reveals Facts.

East St Louis Ill July 10—Two negroes were shot and killed by Illinois Guardsmen during the rioting here on July 2, it was testified at the secret session of the coroner's jury yesterday according to information obtained today.

This testimony was reported to have been given by Colonel L P Clayton who was in command of the troops.

The two negroes according to the report of the testimony were hiding in a shed. They were killed on order of a police sergeant who said the negroes had fired at policemen and soldiers.

Joe Brannigan a 17 year old newsboy was arrested today as a result of the testimony yesterday that he was among the rioters and fired a revolver.

United States Senator Lewis of Illinois in a telegram today, said he favored a federal investigation of the riots and was urging it on the department of justice.

A man arrested by Captain O C Smith, F company Fourth Illinois Infantry was released by the police ostensibly on order of the state's attorney. Captain Smith asserted that he heard the man say "I've killed my share of niggers today. I have killed so many I am tired, and somebody else can finish them."

When Captain Smith went to the police station yesterday to prefer a formal charge he found that the man had been released.

They were not given an answer by Governor Lowden, although he promised to look after the interests of negroes affected by the riots of last week in St Clair county.

BIG DAMAGE TO KRUPP PLANT

Amsterdam July 10—Les Nouvelles of Maestricht Holland, reports that Dutch workmen who were laid off at the Krupp Works on account of the destruction of buildings in the recent French air raid assert that a quarter of the Essen plant was destroyed. The material damage is placed at millions of francs and it is said that one hundred employes were killed and hundreds of others including 40 French prisoners wounded.

One and possibly two French airplanes dropped bombs on Essen last Friday. The official German report of the raid said only two bomb holes were found.

"Germany Must Fight To End" —HOLLWEG

Chancellor of German Empire Declares Peace Is Far Distant.

Zurich, July 10.—(By Radio Agency)—"Germany must fight to the last gasp."

PEACE FAR DISTANT.

With these ringing words Dr. Von Bethmann Hollweg announced to the world that peace is still far distant, says an official dispatch from Berlin.

The Tageslich Rundschau, of Berlin, was given authority to announce the German chancellor's declaration, as the speech was made in secret on Monday before the committee of the Reichstag.

CALLS PEACE PLAN DANGEROUS.

According to the newspaper, the chancellor's opposition to a policy of no-annexation and no-indemnities may be summed up in these words: "It is impossible and dangerous."

REJECT SOCIALISTIC PEACE PROPOSALS.

Bethmann Hollweg went on to say that the government is unable to accept Socialistic propositions because they proved unsuccessful in Russia.

Urged Germany to Drop 'Sub' Warfare.

Copenhagen July 10—A German arriving here last night from Berlin makes the statement that the purpose of Herr Erzberger the Catholic center party leader in making his sensational speech before the main committee of the Reichstag on Saturday was to secure an abandonment of the submarine campaign as well as the proclamation of a program without annexations or indemnities.

The majority of the Reichstag has been practically formed on the basis of these demands which it was thought would align America and Russia for peace and powerfully influence France and England. It was said the same majority has been secured for a demand for the institution of a parliamentary ministry with Dr Gustav Stresemann Nationalist and Philipp Scheidemann as candidates for portfolios.

PROPOSALS DRAW CENSURE

Although the German censor has kept out of the newspapers the speech before the Reichstag main committee of Mathias Erzberger leader of the Catholic Center party in which he attacked the German admiralty and the Pan Germans an idea of the nature of his references to the German submarine campaign may be gained from the angry comment of Count Ernst von Reventlow naval expert of the Tages Zeitung, of Berlin. The count declares that in attempting to [illegible] the submarine campaign Herr Erzberger and his supporters are aiming at destruction of the nation's confidence in victory which depends so largely on the submarine and of the prospect of a German peace.

Herr Erzberger's criticisms in which Count Reventlow intimates the foreign office sympathizes seem to hit a tender point in the German submarine policy namely the failure to produce promised results within fixed time limits for says the count "It would be grotesque childishness or partisan politics to say to the government in committee something as follows: You fixed the submarine program for a definite number of months. This period has now expired. No decision has been reached. You therefore erred where no error was permissible."

Count Reventlow answers this hypothetical presentation of the case by insisting that the sole question to be answered in weighing a decision in the submarine war was whether it would have a decisive success within a specific period. That Herr Erzberger's attack took these lines is further indicated by citations of statistics by Vice Admiral von Capelle and Vice Chancellor Helfferich to prove that the submarine campaign is wearing Great Britain down and the war minister's attempt to show how submarine ruthlessness is helping the land campaign.

EXPECT BALLOT REFORMS

Amsterdam—The people of Germany are about to force from the German autocratic ring a more satisfactory statement of Germany's peace aims as well as a promise of sweeping electoral reforms according to Berlin dispatches.

Chancellor von Bethmann-Hollweg's political enemies have now apparently forced him into a position where he must make complete answer to the query whether Germany favors no annexation and no indemnities. Not only is the chancellor under fire from all parties in the reichstag over these peace aims but the demand for greater liberalization in the government has now gained such headway that it is expected the chancellor will be forced to take cognizance of it.

NERVOUS PEOPLE MUST KEEP BLOOD COOL IN SUMMER

OVERHEATED BLOOD IS DANGEROUS CAUSES SEVERE NERVE STRAIN

A Simple Home Remedy

"Phew! My blood feels as though it was boiling, my feet are so hot and swollen I can hardly drag one after the other my head is ready to burst and my nerves are right on edge. I wish I could take off every stitch and hide in the shade till winter comes."

Summer days are surely trying days for tired, fagged, nervous men and women. Overheated blood pressing on their delicate nerve centers just fairly takes every speck of ambition and vitality, makes them so cross, irritable and peevish you can hardly get a civil word from them. Even night brings only uneasy, fitful sleep, which leaves them in the morning as tired as when they went to bed.

If summer heat is trying your nerves and making your existence miserable just try the great new nerve remedy Margo for a few days and see what blessed relief it gives in even twenty-four hours. Margo cools your sluggish, overheated blood, opens the pores of your skin and induces a gentle, cooling perspiration that draws all the puffy, swollen feeling from your hands and feet, the dull heavy feeling from your head and makes your brain cool, clear and active. It calms, soothes and steadies the nerves and makes the day's work a real pleasure.

Margo is absolutely harmless. It contains no dope or dangerous drugs, but is a scientific combination of six of the best nerve vitalizing elements known to modern chemistry. Thousands of people everywhere are using it this very day and are enjoying the blessed relief from all nerve strain that Margo alone can give. Druggists all over Decatur are selling it fast these days and Decatur Drug Co. are so confident of its value that they offer it to every buyer on their absolute guarantee of satisfaction or money back.
